Seventy participants who showed up for this forum did not need to be reminded of the continuing racial inequities that persist in the Boston Public Schools. They came ready to talk about resistance and action. The racially diverse group was hungry for dialogue, bridging differences, and exploring various ways to address racism in the schools. The evening opened with a sober reminder delivered ...

[Beyond Black and White: Race in the Boston Public Schools](#)

The negative racial biases black children face lead to high suspension rates that cause excessive absences in addition to preventing black students from receiving education of the same quality as their white peers, both of these factors producing a stark achievement gap. Studies have shown that this can result in students falling behind academically, not reading at grade level by third grade ...

[Racial Segregation in Boston Public Schools](#)

But fate has given us a do-over. White middle-class families are moving back to Boston, and they’re testing the waters of public education. Once again, schools in upscale neighborhoods are ...

Boston civil rights advocates fought against these policies and the educational inequities they produced, but faced intense resistance from white parents and politicians. Across Boston’s public schools in the 1950s, per-pupil spending averaged \$340 for white students compared with only \$240 for black students. More than 80% of Boston’s black elementary-school students attended majority-black ...

One wonders how much these programs actually shift the racial and class dynamics at play in early education, as opposed to soothing the consciences of the mostly progressive, white parents who send their kids to schools that are unaffordable for most of the city’s families. Our daughter ended up at a home-based “school” run by a family. It costs a fraction of the school we toured and ...
