A lot of student textbooks these days seem to have heaps of additional supplementary material to go with the text, both for students and teachers, such as electronic versions, online test banks, solution manuals, quizzes etc. My question concerns specifically the teacher solution manuals. From what i have gathered, a student can't simply go into a bookshop and purchase the teachers material, it ...

"We do not give access to our solution manuals to anyone but professors who adopt the text for use in the classroom." I explained in my email that I am NOT a student and would be using it for professional use in the industry. I get that you don't want students cheating, but is this seriously common practice? I sort of feel like I wasted \$200 on ...

If drama arises between certain students, the easiest solution is to separate them from one another. If the tension persists, switching a student to another classroom may be your only option. 6. Students unclear what to do, or do the wrong thing. This happens far too often when teaching English as a foreign language. The fact is, it's often the fault of the teacher. If your instructions to an ...

The Solution: Have students keep a record of their own progress in a “transparent” space—a Google doc, for example—where the student, teacher, and parents can view it any time. The information a record will vary depending on student age and subject area, but the document will become more valuable if you require students to go beyond numbers: Record each assignment, the feedback they ...
